The UCF Report

News and Announcements for the Faculty and Staff of the University of Central Florida

Knight Notes

You probably already know that the *Sentinel Star's* "Florida Magazine" last Sunday published a letter from a reader in the community praising our *Emphasis* magazine. But what you don't know is that the letter prompted more than 100 other readers to write us directly, asking to be put on our mailing list and voicing their interest in what goes on at UCF. They really do care about us out there.

And speaking of mailing lists...UCF's Department of Economics is compiling one of any individual or organization wanting to receive the "Business Barometer," their quarterly publication which focuses on the Central Florida economy. It's yours for the asking by sending your request along with your name and address (don't forget the zip) to: Business Barometer, Department of Economics, CB 444.

Tie a string around your finger to bid adieu to Alice Stringer. From 2-4 p.m. today, a reception in the Administration Building's Board Room will honor Alice, who will retire Friday after 13 years with the University. All members of the University community are cordially invited to attend.

Personnel Services sends along a reminder to all permanent, full-time Career Service employees—you must use your personal holiday by June 30 or forfeit the use of it. The annual "floating" holiday granted CS employees cannot be accumulated and must be taken by the end of each fiscal year.

Sand, sunshine and some free time—the perfect recipe for a relaxing day at the beach. UCF's on-campus beach—Lake Claire—got a \$25,000 facelift earlier this year. The facility, open to all members of the University community, features covered picnic pavilions, barbecue grills, and lots of Florida sunshine.

Lake Claire puts on a happy face

By Terri Naylor
Student Writer

One hundred tons of glistening white sand, new metal pavilions, charcoal grills, scattered picnic tables and lush Florida landscaping. These are the ingredients Physical Plant personnel used to transform Lake Claire from a plain Jane lakefront into an attractive picnic area on the north end of campus.

According to Jim Clark, Maintenance supervisor, the renovation of Lake Claire, a Student Government-financed project, cost \$25,600 in materials. Among the new facilities purchased for the lake's facelift are new drinking fountains, outside showers adjacent to the existing restrooms, electrical outlets for the three pavilions, charcoal grills, and new picnic tables. And, of course, the more than 100 tons of sand that was hauled in to beautify the beach.

In addition, an estimated \$40,000 in labor costs was "donated" by the University's Maintenance, Grounds, and Engineering departments.

The well-manicured beach area Lake Claire now displays is quite a contrast to the scrubby beach prior to the facelift.

"Before the renovation, Lake Claire was surrounded with swampy underbrush, palmetto thickets, scrub oaks, and all the pesty critters that go with such an environment," commented J.C. Hicks, Grounds superintendent.

Crews from the Grounds Department cleared away the

underbrush and planted palms, patio elms, sycamores, ligustrum, and grass. Another major installation is not readily visible to visitors—an underground irrigation system for keeping all that new greenery green.

Lake Claire is open to all members of the University community but those wanting to schedule a private party or other group function should make advance reservations—at least a week prior to the planned event—with Jimmie Ferrell, director of Student Center and Student Organizations at x2117.

Ferrell emphasized the free facilities are restricted for use by University personnel, faculty, students, and University-related groups.

Bye bye weekly

With temperatures already climbing into the 90's, summer can't be far behind. And with summer comes a schedule change for *The UCF Report*.

Next week's issue will be the last weekly edition for this school year. Starting June 17, we will go bi-weekly through Aug. 26 when we will once again return to our weekly publication schedule.

Deadlines will remain the same—Thursday noon prior to Wednesday's publication date.

Eight win tenure approval

Approval for granting tenure to eight UCF faculty members was given last Friday by the Board of Regents at the group's regular meeting in Tallahassee on the campus of Florida A&M University.

Effective with the beginning of the fall semester, tenure was granted to the following faculty members: Ida Cook and Ronald Wallace (both Sociology), Sandra Guest (Psychology), Frances Johnson (Communication), Yasser Hosni (Industrial Engineering & Management Systems), Mary Jo Geren Edwards (Radiologic Sciences), and Thomas Mendenhall (Health Sciences).

Also given tenure was Louis Trefonas, who will assume the duties of vice president of Research and dean of Graduate Studies in July.

In other action, the BOR authorized the renaming of the General Classroom Building to Howard Phillips Hall in recognition of the significant contributions given the community and the University by the late Mr. Phillips and The Dr. P. Phillips Foundation.

approved the appointment of Schweizer Associates as the architectural firm for designing Phase II of the Library.

June 15 is cutoff for fall

June 15 is the new application deadline for the fall semester at UCF.

The move to an earlier deadline reflects the upcoming change from a quarter to a semester system at the University and a resultant earlier start of classes.

The new June deadline will insure adequate time for enrollment planning and for processing the record number of fall semester applications that have been received to date.

Fall classes will begin Aug. 24 under the semester system as opposed to late September under the previous quarter system.

UCF administrators also announced a curtailment in the admission of post-baccalaureate and unclassified students this fall in response to legislative funding projections.

Grant opportunities

For further information on the programs listed contact Nancy Morgan, x2671.

Agency	Due Date	Title
Department of Defense - 1982 - Program Emphasis - Universities will receive about \$324 million for basic and applied research in 1982. Program priorities (including NASA) are highest in the following areas:		
		Physics - Lasers (laser spectroscopy)
		Electronics - Electronic System Reliability
		Materials - Environmental Degradation
		Chemistry - Chemical Defense Analysis
		Mechanics/Energy - Submarine Shock Response
		Atmospheric, Oceanographic, Terrestrial Sciences - Air-Sea Interactions
		Biological/Medical - Predictive Toxicology
		Behavioral/Social Sciences - Human Factors (studies, analyses, evaluations)
		Mathematics/Information - Computer Problems related to Command/Control
		Training - Human Factors and Advanced Training Techniques

NEH	07/01	Summer Seminars Directors Program - Assist individuals who are qualified teachers as well as recognized scholars in designing and directing seminars in their fields of interest for college faculty.
NSF	07/01	International Travel Grants - Assist US scientists to go abroad to attend meetings, obtain/exchange science information & cooperate in scientific activities.
NIA	07/01	Research On Aging - Support biomedical, psychological and social research to improve health status of the elderly.
DOE	07/01	Office of Fusion Energy - To perform analysis of the economics of magnetic fusion energy R&D, deployment, commercial operation.
NSF	07/15	Materials Research - Support research in solid state physics and chemistry, low temperature physics, condensed matter theory, metallurgy, ceramics and polymers. Science For Citizens (preliminary) - Support projects to facilitate interaction with citizens/citizen groups who ordinarily lack access to scientific information.

Official memoranda

To: All Departments
From: Jack Reinstatler, manager, Printing & Reproduction Services
Subject: Cut-off Date for Printing and Illustration Services

In order to process billing through the Finance and Accounting Department for this fiscal year, the cut-off date for offset printing jobs and illustration work to be completed by both the Administration Building's Quick Copy Shop and the Print Shop must be logged in by 4 p.m., Tuesday, June 2.

To: All Faculty and Staff
From: Robert T. Schaal, director, Personnel Services
Subject: State Employee Registration, Summer 1981 Quarter

This is to advise that all regularly admitted state employees, faculty, and staff using fee waivers are scheduled to register from 17:00-17:30 on Thursday, June 18.

To: All Employees
From: Tegie S. Ramsey, Payroll supervisor
Subject: State Health Insurance

There will be no State Health Insurance deductions on the paychecks received May 29, which are for the pay period 05/08 through 05/21.

This is due to the fact that three paychecks will be received in the month of May and the third check received in one month has no State Health Insurance deduction.

To: All Faculty and Staff
From: President Colbourn
Subject: U.S. Savings Bonds Campaign

As Americans we enjoy a standard of living that is among the highest of any people in the world. We may complain of economic inflation and quality of governmental service, but the fact remains that our problems are remarkably manageable—if we care to make the effort.

This may be due to a peculiar trait of our democratic society, a trait symbolized by the partnership which exists between us as citizens and our government. We have learned that government can serve us only to the extent that we contribute to the welfare of our nation. Essential to this partnership is a sound economy for ourselves and for the country as a whole.

This year, once again, we have the opportunity to participate in a vital program wherein we help ourselves while helping our government. Between June 10 and June 25, the U.S. Savings Bond Campaign will be conducted on the campus. Many of you, through long association, already know the value of this program. Others may wish to participate for the first time. In case you do not know, Savings Bonds are now enjoying a higher interest rate—9 percent when held to maturity.

Since this nation was founded, the Federal Treasury has depended heavily upon funds borrowed from the citizenry to finance governmental services. The need is as critical today as it was during the Revolutionary period. And, the money you lend through buying Savings Bonds is secure.

You will be personally contacted by a colleague who will have the official authorization payroll savings card ready for your signature. Consider saving for yourself and your country.

Travel and tee time in Alice's future plans

By Terri Naylor
Student Writer

With blue eyes twinkling, Alice Stringer is quick to say that whatever she does when she retires the end of this month, she plans on spending the time with her husband, Jack.

"I wasn't supposed to retire until October," she explained, "but since Jack retired in January he urged me to go ahead and turn in my resignation so we could start enjoying our retirement together."

Alice Stringer

Retiring this Friday, Alice has been with the University for 14 years. She said she is leaving with mixed emotions. "It's a special part of your life when you've been with a place as long as I've been with UCF," she said. "It's like leaving part of your family."

Before Alice came to UCF (then FTU and located over a drugstore in downtown Orlando), she was secretary for the vice president of advertising at Minute Maid. After Minute Maid transferred that department to Houston, Alice joined the staff of Orlando's fledgling University (only 35 people worked for the University at that time) as staff assistant to John P. Goree, who was then the school's business manager.

Sometime after Goree was promoted to vice president for Business Affairs, Alice was

promoted to his administrative assistant and has served in that capacity ever since.

Alice claims her job in Business Affairs is the most interesting place in the University to work because "sooner or later you cross lines with every other department of the University."

Alice's proficiency in keeping the office on an even keel is reknowned among her co-workers. She attributes her success to her boss. "He has given me the encouragement I needed," she noted. "And he has been the prime mover of my positive feelings about my job and the University in general."

Future plans for the Stringers include a trip to California where their oldest son, Michael, lives, and tentative plans to visit England next year.

"Jack's always had a desire to go to England," Alice said, "That's where both of his parents were born, and he still has relatives living there."

But Alice said all travel plans are for the future and right now she and her husband are planning to start their retirement "right" by having an easy summer and taking in a little golf together.

For now, Alice confessed Jack beats her at golf, but she added quickly, "He better watch out now that I'm retiring. I'm going to have more time to practice and he's going to get beat!"

Married 40 years this July, the Stringers have three children: Michael, Jim, and Karen; and four grandsons and one granddaughter ranging in age from 3 to 17. Son, Jim, was UCF's student body president in 1970-71 and is married to Susan Geisler, a 1971 UCF alumnae and former campus beauty queen.

It's no doubt that her fellow employees will all miss Alice's effervescent personality but perhaps they can take comfort in realizing that for the future Alice will be either watching the changing of the guard at Buckingham Palace or beating Jack in golf at some sunny, Florida golf course.

Research reports on Sigma Xi spring agenda

Four UCF faculty members will present research reports during the spring meeting of Sigma Xi Scientific Research Society, slated for 3 p.m. June 3 in the Board Room of the Administration Building.

Society president Ray Buchanan listed the following reports for the spring meeting agenda:

- "The Behavioral Treatment of Obesity: Patient Attrition and Compliance to Treatment as a Function of Differential Goal-Setting Procedures" will be presented by Marilyn Zegman (Psychology). The report will offer a behavioral program for obesity, specifically the therapeutic instructions given to patients.

- "Liberal and Conservative Are Not Enough: An Alternative Analysis of Mass Political Ideologies" is the report to be given by Stuart A. Lilie and William S. Maddox (both Political Science).

- "The Manatee: Florida's Vanishing Mermaid" is a color slide offering to be presented by Timothy O'Keefe (Communication).

WUCF tunes in O-Twins

WUCF-FM will take you out to the ball game via the airwaves as the station broadcasts the Orlando Twins "Game of the Week" live from Tinker Field.

By tuning in 89.9 on the FM dial, you can follow the division-leading Twins in their quest for the Southern League championship.

All games start at 7:30 p.m.; however air time for all broadcasts will be 7:15 p.m. If there is a rain-out, the station will broadcast the second game of the next day's doubleheader, according to Keith Fowles, general manager.

The schedule of planned broadcasts is as follows:

Date	Opponent
May 23	Memphis Chicks
May 30	Columbus Astros
June 11	Savannah Braves
June 16	Birmingham Barons
June 27	Jacksonville Suns
July 3	Nashville Sounds
July 7	Knoxville Blue Jays
July 20	Chattanooga Lookouts
July 26	Charlotte Orioles
Aug. 5	Memphis Chicks
Aug. 11	Columbus Astros
Aug. 22	Savannah Braves
Aug. 28	Birmingham Barons

Hello world!

Christophe Bradley Cherepow, 8 lbs. 4 oz., made his debut at 4:55 p.m. May 21 at Winter Park Memorial Hospital. Congratulations to mom and dad—Sandy (Information Services) and Jim (Personnel) Cherepow.

Q? A! Q? A! Q? A!

I'd like to know.....

How come some male employees that work in the Administration Building are required to wear chokers (ties) and some are not?

Personnel Director Bob Schaal provides this reply: "As stated in the Faculty/Staff Handbook, UCF does not have a dress code that would require ties, however: '...it is expected that each employee will use good judgment and taste in the choice of attire worn during working hours. It is recognized that certain activities or functions may have a direct bearing on the attire to be worn and, when necessary, the form of attire may be directed by an administrator.' Good judgment and taste often dictates that ties be worn during the fall, winter, and spring months. In the past, however, President Colbourn has redefined the dress code during tieless summer months," Schaal added.

The President this week did declare tielessness for the summer months—gentlemen, you can officially doff ties from Memorial Day through Labor Day this year.

What should I do if I am contacted by outside media representatives concerning a UCF story that could be potentially controversial? Should I try to handle the questions myself or direct them to someone else?

We checked with Public Affairs and learned from Barth Engert, director, that any direct media inquiries should be forwarded to him or to Bill Daum of the UCF News Bureau. Both can be reached at x2848.

People, people, people...

Robert H. Davis (Communication) conducted the opening workshop April 29 of the Orlando Area Chapter of Florida Public Relations Association Communication Workshops for 1981. He has been a faculty committee member for three years.

David E. Hernandez (Educational Services) attended a management assessment center seminar sponsored by Assessment Designs, Inc., and Alfa Industries in Cuernavaca, Mex., April 26 and 27.

Armando Payas (Foreign Languages) participated in a department chairpersons workshop held April 26-30 at Howey-in-the-Hills' Mission Inn, sponsored by the Institute for Departmental Leadership of Florida State University.

J.H. Noon (Physics), along with three physics majors, gave a talk on "A Student Laser Project" May 2 to the Florida Academy of Sciences meeting at John Young Museum. At the same meeting, **J.A. Meyers** (Physics) spoke on "Computer(ing) on a Tight Budget—Alternatives to the Commercially Available Micros" and, together with **J.J. Brennan** (Physics), addressed the subject of "Microcomputers in the High School Physics Classroom."

A. Jeanne Miller (Educational Foundations) attended the International Reading Conference in New Orleans, April 27-30. She also participated in the PDK Leadership Conference in Daytona Beach, May 1 and 2.

Robert A. Rothberg (Education) appeared May 1 on Steve Kane's Radio talk show on WLOF to discuss "Sex Education in the Schools."

Kenneth J. Kazmerski (Social Work) was elected secretary-treasurer of the newly-formed Florida Association of Social Work

Education Administrators. He also chaired the ad hoc by-laws committee which established the association's structure.

Guy Mattson and Chris Clausen (both Chemistry) participated in the initial meeting of the American Chemical Society Task Force on Academic Preparation and Industrial Careers in Chemistry, held in Atlanta on March 30.

Elizabeth Wrancher (Music) was guest soloist in the Asbury Artist Series concert at Asbury Methodist Church in Maitland, May 17.

Peter Grierson and Linda Savage (both Accountancy) attended the Southeastern American Accounting Association meeting in Birmingham, Ala., April 30 and May 1.

Clarence G. Avery and Terry Campbell (both Accountancy) attended the seminar of the American Assembly of Collegiate Schools of Business May 5 and 6 in Philadelphia, Pa. Avery also presented a paper at the seminar.

UCF Chorus to perform G.F. Handel

The UCF Chorus, under the direction of Steven Powell, director of choral activities at the University, will present G. F. Handel's "Judas Maccabaeus" at 8 p.m. Sunday, May 31, in the Park Lake Presbyterian Church in downtown Orlando.

Frederick Martel, of the UCF voice faculty, will sing the part of Judas and William Oelfke, a UCF physicist, will sing the part of Simon. The orchestra will be made up of members of the Orlando's Musicians' Association.

The public is cordially invited to the free performance.

Brian Rungeling

Economics chairman named

It took 20 years for Brian Rungeling to make it back to Florida, where he grew up and graduated from college. Return he will in July, as UCF's new chairman of Economics.

The onetime Brooksville resident, who was awarded his bachelor's and master's degrees by the University of Florida, brings with him a distinguished career in his profession as a teacher, author, and researcher.

Rungeling is currently chairman and professor of Economics at the University of Mississippi, where he has been on the faculty since 1970. He formerly taught at Auburn and the University of Kentucky, where he was awarded his doctorate in 1969.

Calendar

WEDNESDAY, MAY 27

PEP Meeting. SC Auditorium, 9 a.m. Call x2605.

Speaker. Henry D. Blackburn Jr. will discuss "Prevention of First and Second Heart Attacks." Sponsored by the College of Health's distinguished lecture series. Science Auditorium, 2 p.m.

Cinema Classique. "Night of the Living Dead." SC Auditorium, 8:30 p.m. Admission: \$1.25.

FRIDAY, MAY 29

Movie. "Star Trek." SC Auditorium, 8:30 p.m. Admission: \$1.25.

SUNDAY, MAY 31

Concert. UCF Chorus will present Handel's "Judas Maccabaeus." Park Lake Presbyterian Church, Orlando, 8 p.m. Free and open to the public.

Movie. "Star Trek." SC Auditorium, 8:30 p.m. Admission: \$1.25.

WEDNESDAY, JUNE 3

Meeting. Sigma Xi Scientific Research Society spring meeting. Administration Building, Third Floor Board Room, 3 p.m.

FRIDAY, JUNE 5

Spring Quarter Classes End

Movie. "Blazing Saddles." Engineering Auditorium, 8:30 p.m. Admission: \$1.25.

Employment Opportunities

The University of Central Florida is an Equal Opportunity / Affirmative Action Employer.

Career
Opportunity
Line 275-2778

Personnel Services lists the following vacancies, by title, department, minimum qualifications, annual salary range, bi-weekly salary, and closing date. It is the responsibility of the applicant to successfully complete any required performance and/or written exams prior to being considered for a specific job opening. For information on any required exams, as well as further details on these positions, contact Personnel, x2771. A listing of available faculty positions within the SUS is available on request at the receptionist's desk (ADM 230).

Administrative and Professional

Assistant Athletic Coach (Intercollegiate Athletics). Bachelor of Science/Arts degree and two years of coaching experience at the university or college level, or three years experience at the high school/prep school level. Prefer concentration of coaching in basketball and demonstrated administrative ability. \$11,520-\$19,200, \$443.08. 06/04.

System Coordinator (Computer Services). Bachelor degree computer science/statistics or related field and three years experience. Prefer SAS, SPSS programming experience and knowledge of IBM MVS and Harris Vulcan operating systems desired. \$16,560-\$27,600, \$636.92. 06/04.

Career Service

Secretary II (University Year for Action). Graduation from high school and one year of secretarial and/or clerical experience. Written and typing exams. Temporary through Sept. 29, 1981. \$7,662.96-\$9,771.84, \$293.60. 05/28.

Scientific Programmer (Computer Science). Four-year degree in computer science, data processing, engineering, math, or natural science, and two years experience in computer programming or systems analysis. A master's degree may be substituted for one year's experience. Prefer experience/training on VAX 11/780 and

microcomputers. \$16,265.52-\$21,882.24, \$623.20. 05/28.

Learning Resources Specialist (Instructional Resources). Master's degree in education and two years of teaching experience in a college or university, one of which shall have been in a teaching resources department. Certified as a teacher by the state of Florida. \$12,820.32-\$16,996.32, \$491.20. 05/28.

Administrative Assistant I (Business Affairs). Four-year degree plus two years of staff or administrative experience; or six years of staff or administrative experience. Written exam. Shorthand and para-legal experience desired. \$12,110.40-\$15,994.08, \$464.05/28.

Custodial Worker (Building Services; Health Services). Ability to follow written and oral instructions. Hours: 6 a.m. to 2:30 p.m. \$6,994.80-\$8,393.76, \$268.05/28; 06/04.

Secretary III (Arts & Sciences; Business Administration). Graduation from high school and two years of secretarial and/or clerical experience. Written and typing exams. Business Administration prefers shorthand. \$8,853.12-\$11,421.36, \$339.20. 05/28; 05/28.

Account Clerk II (Finance and Accounting). Graduation from high school including or supplemented by a course in bookkeeping or accounting and two years of bookkeeping or accounting experience. Written exam. Prefer payroll experience and must be able to work overtime as required. \$8,017.92-\$10,272.96, \$307.20. 06/04.

Computer Operator II (Computer Services). Graduation from a standard high school and one year of experience in the operation of a computer. Prefer Harris, JES2, CICS, or Teleprocessing experience. Work schedule:

Tuesday through Saturday, 11:30 p.m. to 8 a.m. \$10,314.72-\$13,467.60, \$395.20. 06/04.

Clerk Typist III (Dean's Office, College of Education). Graduation from high school and two years of typing and/or clerical experience. Written and typing exams. Prefer word processor and familiarity with technical reports and student records. \$8,017.92-\$10,272.96, \$307.20. 06/04.

Computer Systems Analyst II (Computer Services). Graduation from an accredited university with major course work in computer science and one year of experience in computer systems analysis and/or programming at the computer systems analyst I level or above. Prefer knowledge of IBM, JCL, COBOL, EASYTRIEVE, MARK IV. Exposure to student data systems and library applications. \$16,265.52-\$21,882.24, \$623.20. 06/04.

Financial Aid Counselor (Financial Aid). Graduation from a four-year college or university. Written exam. Prefer financial aid experience in the area of basic grant and understanding of the financial needs analysis process. \$10,878.48-\$14,261.04, \$416.80. 06/04.

Computer System Analyst I (Computer Services). Graduation from an accredited college with major course work in computer science; or graduation from an accredited college and one year experience in computer systems analysis and/or programming. Prefer one year COBOL programming experience and knowledge of IBM, MVS, PANVALET, MARK IV, Harris Vulcan. Written exam. \$14,386.32-\$19,209.60, \$551.20. 06/04.

Building Services Superintendent I (Building Services). Graduation from a standard high school and six years of responsible

experience in building maintenance service, two years of which must have been in a supervisory capacity. Job duties include supervision of crews responsible for floor maintenance, cleaning restrooms, and other building services. \$13,613.76-\$18,102.96, \$521.60. 06/04.

OPS Temporary

Day Care Aide (Creative School for Children). Graduation from a standard high school. Prefer experience in camp or recreational programs with skills in arts and crafts. Temporary June 17 through Aug. 21, 1981. \$3.35/hour. 06/04.

Day Care Group Instructor (Creative School for Children). Graduation from a standard high school and two years of sub-professional experience working with children in group activities. Prefer certification in physical education and experience in camp and recreational experience with elementary school children. Will accept two years experience in camp or recreational programs in lieu of P.E. certification. Temporary June 17 through Aug. 21, 1981. \$5.21/hour. 06/04.

Carpenter (FSEC, Cape Canaveral). Graduation from a standard high school and three years of carpentry or related experience. \$5.21/hour. 06/04.

Electronic Technician II (FSEC, Cape Canaveral). Graduation from a standard high school, supplemented by an approved training course in radio or electronic equipment installation and repair and two years of experience in the installation, maintenance, and repair of AM and FM communication systems, radios, or other electronic equipment. \$5.80/hour. 06/04.
